

VIGNA DEL LAURO

Region: Cormòns (Friuli), Italy

Owners: Fabio Coser & family

Website: www.roncodeitassi.it

Winemaker: Enrico Coser

WINES

FRIULIANO IZONZO DOC

*Friulano (Tocai Friuliano) is the most important white grape variety in the Friuli region. Vigna del Lauro's single-vineyard **Friulano** expresses typical varietal notes of citrus, pear and almond, rounded out with elegant floral perfumes and a rich, creamy texture that is a perfect accompaniment to food. A quintessentially Friulian white wine.*

100% Tocai Friuliano made from 35 years old vines, temperature-controlled fermentation in stainless steel, partial malolactic

PINOT GRIGIO COLLIO DOC

This is a substantial, medium-bodied Pinot Grigio that entices with freshness and an underlying minerality. Creamy and fruity at the same time with delicious cooked apples and pears intermingled with hints of crushed stones and lemon rind. A lovely finish.

Made from 100% Pinot Grigio from 25 years old vines, temperature-controlled fermentation in stainless steel, partial malolactic fermentation

RIBOLLA GIALLA VENEZIA GIULIA IGT

The Ribolla Gialla is elegant and fruity with sweet aromas and flavors of sliced apple and honey laced with a delectable hint of cream. A medium body and persistent finish are balanced by plenty of freshness. This is an exemplar wine of precision and complexity, from the northeastern Cormòns area of Friuli, home to the best vineyard sites.

100% Ribolla Gialla from 60 years old vines, temperature-controlled fermentation in stainless steel with partial malolactic fermentation

SAUVIGNON BLANC COLLIO DOC

Along with the autochthonous Friulian varieties, Sauvignon Blanc has become one of the most prevalent, and appreciated, white grapes in the region, included in the Collio Bianco blends or vinified "in purezza" (in purity), as in the case of the Vigna del Lauro Sauvignon. Upon tasting, notes of white pepper and green paprika are

integrated into a fruity display of crabapples and pears. A refreshingly light to medium body and finely tuned acidity conclude in a satisfying and attractive finish.

100% Sauvignon Blanc from 20 years old vines, temperature-controlled fermentation in stainless steel, partial malolactic fermentation

MERLOT ISONZO DOC

Intense ruby red with garnet reflections. Fruity, slightly herbaceous, with distinct raspberry fragrance, in time acquiring aromatic complexity and notes of cherry, berry and violets. Full, dry and slightly tannic, with great body and texture, it pairs well with both white and red meats.

100% Merlot from 30 years old vines, fermentation in small oak barrels for 12-15 days, malolactic fermentation completed; refining in small oak barrels followed by 3 months aging in bottle before release

CABERNET FRANC ISONZO DOC

Delicious dark berry flavor and notes of pepper with a surprisingly refreshing acidity. This Cabernet Franc boasts a smooth and elegant mid-palate and graceful finish. The alcohol content is a moderate 12.5%, making this an ideal wine to enjoy with or without food. On warmer days, it is nice served slightly chilled.

100% Cabernet Franc from 30 years old vines, temperature-controlled fermentation in stainless steel, malolactic fermentation completed, refining in small oak barrels until bottling

PINOT NERO NOVAJ VENEZIA GIULIA IGT

On the nose, perfumes of candied strawberries, dried cherries and orange rind steal the show on this red. This is a medium-bodied Pinot Nero with fine tannins and a slightly chewy finish. Acidity typical of the Friuli reds lift the wine, making it exceptional to drink now.

100% Pinot Nero, temperature-controlled fermentation in stainless steel, refining in small oak barrels

CHARDONNAY ISONZO DOC

Friuli's mineral driven answer to the French classic. Vinified in stainless steel tanks, this Chardonnay emphasizes the variety's fresh and mineral aspect. Pale straw-yellow in color with greenish tinges. Aroma of freshly sliced apples and light honey character, as well as pie crust. Medium body, smooth and soft harmonious finish.

100% Chardonnay from 25 years old vines
